

FULL-PROPOSAL APPLICATION FORM

History of changes

Version	Publication Date	Change
V0	12.02.2026	n/a

*This template is an indicative model of proposal application form. **Changes allowed in the online application form and in the project description document must be allowed by the relevant Funding Partner Organisation (FPO) in advance. Each proposal will be assessed against the compliance of such allowed changes as part of STEP 2 International Eligibility check.** All proposals have to be submitted online via the Online submission tool - Electronic Proposal Submission System (EPSS). The format of the proposal application form will be adapted to fit the EPSS.*

General guidance for all applicants:

- *The proposal must be written in English;*
- *The different sections of the application should not exceed the prescribed maximum space;*
- *Any documents other than those requested as part of the proposal will not be forwarded to Evaluation Committee members.*

Please make sure to respect the eligibility rules of the call.

*Please also consult Funding Partner Organisations' (FPOs) rules advertised in [Water4All JTC2025 Call Announcement](#) which are compulsory. **Applicants are strongly advised to contact their respective Funding Partner Organisations (list available on Water4All website) and to confirm their eligibility with their FPOs before submitting the proposal.***

Applicants should note that information on the core data (e.g., funding requested or institutions) cannot be changed in full proposals, unless explicitly requested by evaluators, by a Funding Partner Organisation or by the CSC. Please note that the information given in the pre-proposals is binding. No major changes regarding the proposals' content will be allowed by the Call Steering Committee (CSC) between the pre-proposals and full proposals.

Regarding the administrative details, a limited number of changes may be allowed, provided they are in line with the general rules of the call and the rules of the Funding Partner Organisations). Participant shall contact the call secretariat via e-mail and their Funding Partner Organisation (FPO) via the contacts reported in [Annex A](#) in order to inform them about their willingness to modify the project proposal. Requests for changes shall be assessed and allowed by the FPOs.

Minor change of budget must be allowed by the relevant FPO.

Changes in the consortium composition:

- *No changes of Coordinator (i.e., Principal Investigator of the coordinating entity) will be allowed, except in case of force majeure. A request of change of coordinator must be submitted to the Call Secretariat, at least one week before the deadline for submitting full proposals and it will be discussed on a case-by-case basis by the CSC.*
- *Changes in the consortium composition are allowed (maximum 2 changes of Project Partners in proposals with more than 5 partners; maximum 1 change of project partner in proposals with 5 or less partners), provided approval by the concerned Funding Partner Organisations. Please note that the following actions are considered as changes: addition, removal or replacement of a Partner (incl. self-financed partners). Please note that the maximum number of changes applies to "Partner", i.e., the independent legal entity participating in the Transnational RDI project.*

- *The upper limit of 7 eligible project partners per consortium (including 1 self-funded partner) can be increased to 8 partners per consortium if at least one partner from an undersubscribed FPOs is included.*
- *The addition of a partner from an underrepresented Funding Partner Organisation does not count towards the maximum changes allowed between step 1 and 2 (Widening option, cf section 5.6).*
- *The removal of a project partner requesting funding to a FPO with high financial pressure or addition of a partner from an underrepresented Funding Partner Organisation does not count towards the maximum changes allowed between step 1 and 2 (Fallback procedure, cf section 5.7).*

When applying, keep in mind that the submission system will close at 15:00 CEST of the deadline date established for Step 2. However, the CS can only ensure responses to email support requests up to 13:00 CEST.

Call for transnational research projects on “Water and Health”

1. General project information

NB: This part will be retrieved from the submitted pre-proposal application. All changes shall be requested to and confirmed by the relevant FPO. Any other change will be rejected.

Proposal ID:	automatically from EPSS (e.g. Water4All2025-1)
Project short name/acronym*	(max 20 characters including spaces)
Project title*	(max 150 characters including spaces)
Keywords	Maximum 5 keywords related to your project may be entered here. Keywords help effective expert selection to evaluate your proposal. (min 1 keyword, max 5 keywords)
Start date	<i>(between 2026-12-01 and 2027-04-30)</i>
Project duration (months)	<i>The duration is 36 months</i>
Project total costs	
Total funds requested to FPOs	
Under which modality are you applying?	<i>Select under which modality you are applying</i> <ul style="list-style-type: none"> • <i>JTC – Regular modality</i> • <i>JTC - ECR modality (obtained a PhD in less than 10 years)</i>

2. Add / edit / remove partners - add or remove project partners, change partner type, change PI

NB: This part will be retrieved from the submitted pre-proposal application. All changes shall be requested to and confirmed by the relevant FPO. Any other change will be rejected.

Please note that the upper limit of 7 eligible project partners per consortium (including 1 self-funded partner) can be increased to eight partners per consortium if at least one partner from an undersubscribed FPOs is included (consult the call website for the list of undersubscribed countries)

- After adding your project partners, please ask them to:
 1. sign up for a Water4All EPSS user account at <https://proposals.etag.ee/water4all>
 2. go to the applicant's desktop page <https://proposals.etag.ee/water4all/2025/applicant>
 3. accept the invitation to join the proposal.

The steps above should be completed by all project partners whose status in the partners' list below shows 'has not joined yet'.

Please note that the EPSS does not send invitation emails to the partners. Please inform them yourself via email, etc.

Add partner

<i>Type of the partner</i>	Eligible for direct funding First Name:
----------------------------	---

Choose between:	Last Name: Email:
	A subcontractor, is subcontracted by an eligible partner Subcontractor's organisation name and country (if known), or just some text to identify the subcontractor
	Fully self-funded, brings their own secured budget First Name: Last Name: Email:

3. Administrative details

NB: This part will be retrieved from the submitted pre-proposal application. All changes shall be requested to and confirmed by the relevant FPO. Any other change will be rejected.

You will have to provide in this section information on the coordinator and Partners involved, as well as the requested budget per Partner.

There are 2 categories of Partners:

- Partners from countries (and organisations) eligible for direct funding (designated Partners 1, 2... N). Please, consider that there cannot be more than 7 partners, including one self-funded, if present.
- Fully self-financed Partner from any country who bring their own secured budget. The self-funded partner cannot be the project Coordinator. No more than one self-funded project partner per consortium is allowed.

Partner data

Coordinator (Partner 1) or Partner 2, Partner 3 ... Partner N Please insert as many copies of this table as necessary for other Partners. Consider that there cannot be more than 7 partners, including one self-funded, if present.			
Legal full name of the Research Organisation / Company		Short name (acronym) of the Research Organisation/Company	
Researcher in charge (Principal investigator):			

Family name		First name	
Title		Gender	
Phone		E-mail	
ORCID id. (optional)		Nationality	
Career Stage ¹ (optional)	To be chosen among: Category A: Top grade researcher Category B: Senior researcher Category C: Recognised researcher Category D: First stage researcher		
Web site			
Participant Identification Code (PIC) of the		Status: Private or Public?	Choose between: Private Public

organisation ²					
Participant Organisation Type	<i>Choose between:</i> HES, REC, PRC, PUB, OTH ³	Small or Medium-sized Enterprise (SME status):	<i>Choose between:</i> YES, NO	Statistical Classification of Economic Activities (NACE) ⁴ :	
Registered Office address of the Research Organisation / company					
Street name and number					
PO Box		Postal Code		Cedex	
Town			Town		

¹ Choose one of the following 4 options:

- Category A: the single highest grade/post at which research is normally conducted. (Example: “director of research”)
- Category B: Researchers working in positions not as senior as top position (A) but more senior than newly qualified doctoral graduates (Example: “senior researcher”).
- Category C: the first grade/post into which a newly qualified doctoral graduate would normally be recruited. (Examples: “researcher”, “investigator” or “post-doctoral fellow”).
- Category D: Either doctoral students at the ISCED level 8 who are engaged as researchers, or researchers working in posts that do not normally require a doctorate degree. (Examples: “Ph.D. students” or “junior researchers” without a Ph.D).

These categories are defined in Frascati manual from OECD <https://www.oecd.org/sti/inno/frascati-manual.htm> (page 249)

² 9-digit number serving as a unique identifier for organisations (legal entities) participating in EU funding programmes / procurements. If needed, one can apply for a temporary PIC on: <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register>. A search tool for organisations and their PICs is available on <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register-search>. We suggest validating the PICs via the public available Partner Search – Organisation Profile service. This allows use to fill out some requested data inputs automatically, which is less error-prone and provides much better user experience. <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/support/apis>

³ Secondary and higher education establishments (HES); Research organisations (excluding education) (REC); Private for-profit companies (PRC); Public bodies (excluding research and education) (PUB); Other entities (OTH).

⁴ The NACE code is a Statistical Classification of Economic Activities of the organisation. You can find further information about NACE at Eurostat website <https://ec.europa.eu/eurostat/web/nace-rev2> and the classification can be downloaded at https://ec.europa.eu/eurostat/ramon/nomenclatures/index.cfm?TargetUrl=LST_CLS_DLD&StrNom=NACE_REV2&StrLanguageCode=EN&IntCurrentPage=1&StrLayoutCode=LINEAR#

⁷ The NACE code is a Statistical Classification of Economic Activities of the organisation. You can find further information about NACE at Eurostat website <https://ec.europa.eu/eurostat/web/nace-rev2> and the classification can be downloaded at https://ec.europa.eu/eurostat/ramon/nomenclatures/index.cfm?TargetUrl=LST_CLS_DLD&StrNom=NACE_REV2&StrLanguageCode=EN&IntCurrentPage=1&StrLayoutCode=LINEAR#

4. Summary of the project – summary of the projects, topics, expert nominated to Knowledge Hub

NB: This part will be retrieved from the submitted pre-proposal application. All changes shall be requested to and confirmed by the relevant FPO. Any other change will be rejected.

Main topic addressed by your project (one option only)

- Topic 1. Waterborne contaminants and health risks: occurrence, behavior, interactions and vulnerability
- Topic 2. Innovative Tools and Technologies for Water Quality and Exposure Monitoring
- Topic 3. Water Treatment and Exposure Mitigation
- Topic 4. Governance, Socio-Economic Innovation, and Policy Integration for Water and Health

Please specify which topics are addressed by your proposal by entering an estimation of percentage of the coverage of each subtopic. Make sure that the selection is coherent with the selection of the main topic.

The total percentages are calculated automatically and should not / cannot be modified directly.

Topic 1 Waterborne contaminants and health risks: occurrence, behavior, interactions and vulnerability	Sum for topic 1
- Subtopic 1.1	(percentage)
- Subtopic 1.2	(percentage)
Topic 2 Innovative Tools and Technologies for Water Quality and Exposure Monitoring	Sum for topic 2
- Subtopic 2.1	(percentage)
- Subtopic 2.2	(percentage)
Topic 3 Water Treatment and Exposure Mitigation	Sum for topic 3
- Subtopic 3.1	(percentage)
- Subtopic 3.2	(percentage)
Topic 4 Governance, Socio-Economic Innovation, and Policy Integration for Water and Health	

Total (it must be 100%)	100%
-------------------------	------

Knowledge Hub

Please, confirm the name(s) of the expert(s) nominated to act as project ambassador related to the activities of the Knowledge Hub. In case of change or nomination of new expert(s) this would be considered a minor change and does not count toward the number of allowed changes (§ Call announcement art. 6.2) nevertheless, you should mention it in the box for intended for changes explanation.

Name and surname of the nominated expert(s)	If you nominate multiple experts, please separate the experts with a comma, e.g.: Expert 1, Expert 2, ...
---	---

Project description

The project description must include a) state of the art, own work, previous activities of the consortium in the field; b) objectives, aims, c) relevance to the call (including theme(s)); d) concept, methods; e) explanation of the novelty of the research planned, in relation to the present state-of-the-art; f) expected results and how they lead to impact; g) Transnational added value of the research proposed; h) workplan; i) Project coordination and management; j) Time schedule and working programme (use a Gantt chart or equivalent); k) exploitation and dissemination of results including stakeholders' engagement, open science practices, sharing and management of research outputs and Data management approach and engagement of citizens, civil society and end users where appropriate.

*NB: This part will have to be uploaded as a single pdf on the Online Submission Tool. **Max. 16 pages – including***

title and citations – Arial font, 11pts, single spaced, margins of 1.27 cm. Footnotes are allowed, if you respect the above-mentioned layout criteria. Links and hyperlinks are allowed only for bibliographical references.

Please, strictly follow the instructions regarding the layout of the project description (no. of pages, font, spacing, margins, hyperlinks). Any pages or information submitted beyond the specified requirements will be removed, which may lead to poor evaluation results.

The Project Description template is available in ANNEX 1.

5. Financial data

NB: This part will be retrieved from the submitted pre-proposal application. All changes shall be requested to and confirmed by the relevant FPO. Any other change will be rejected.

Project finances

Please note that you should indicate in this table the total costs of the project and the funding requested to your Funding Partner Organisation and their indicative repartition between the different categories of costs, i.e. personnel (including permanent salaries depending on Funding Partner Organisations' rules), equipment, consumables, subcontracts, travels, overheads). Please make sure to follow your Funding Partner Organisations' rules for the determination of the eligible costs and the requested funding calculation. Please note that some Funding Partner Organisations cannot provide a funding equal to 100% of eligible costs. For questions, contact your Funding Partner Organisation Contact Point

The column **Total costs** comprise all the costs related to the project independently of national funding rules. You have to indicate here all the costs of the project.

The column **Funding request** comprises the part of the costs that you will request from your Funding Partner Organisation.

The column **Own funding** will be filled in automatically by Online Submission Tool, it includes all the expenses which are not covered by the Funding Partner Organisation (either because the funding level is lower than 100% and/or some expenses are not eligible for funding and/or are provided in-kind). The Own funding is equal to the difference between the Total cost and the Funding request.

Please, include one table like the following one for each partner.

Partner 1			
Name	<i>put the short name</i>	Country	
Funding Partner Organisation(s) to which you are applying for funding ⁸		<i>To be selected on the list of Funding Partner Organizations</i>	

items	Total cost (in Euro including VAT) depending on national rules)	Funding requested (in Euro, including VAT depending on national rules) ⁹	Own funding (equal to the difference between total cost and funding requested)
Personnel			<i>Calculated by Online Submission Tool</i>
Equipment			<i>Calculated by Online Submission Tool</i>
Consumables			<i>Calculated by Online Submission Tool</i>
Subcontracting ¹⁰			<i>Calculated by Online Submission Tool</i>
Travel			<i>Calculated by Online Submission Tool</i>
Other Costs			<i>Calculated by Online Submission Tool</i>
Overhead			<i>Calculated by Online Submission Tool</i>
Total	<i>Calculated by Online Submission Tool</i>	<i>Calculated by Online Submission Tool</i>	<i>Calculated by Online Submission Tool</i>

Total person months	To be filled in by coordinator/partners	10
---------------------	---	----

⁸ Please indicate to which Funding *Partner* Organisation you are requesting funds

⁹ Please make sure that VAT is eligible according to national/regional legal framework and Funding *Partner* Organisations' rules. If not, please do not include VAT.

¹⁰ Indicate here the total budget and requested budget for your subcontracted Partners and/or any other subcontracting costs.

Warning

- The workload distribution within a consortium must be balanced, and no partner (including a self-funded partner) shall have more than 50% of person months.
- Partners from the same country shall not have, altogether, more than 50 % of person months
- In case of not accomplishment with the above-mentioned rules, the Online Submission Tool will block your proposal submission

WORKLOAD DISTRIBUTION

This table will be automatically filled in with data included by partners. This table is only visible on the proposal preview (Downloadable PDF)

Partner 1	Person Months	Workload percentage
Partner 2		
Partner 3		
....		
	Tot PM	100%

Finance comments

Please, enter a brief description of mayor costs items and short justification (personnel, equipment, consumables, subcontracts, travel expenses, other costs). For overhead costs, national regulations may apply.

(max 1000 characters including spaces)

For the self-financed Partner, please indicate shortly how its participation to the project will be funded. Please note that a Letter of Commitment will be required as a mandatory document in the full proposal application.

Self-financed Partner A	
Name	
Country	
The Partner will be funded through ...	

Consortia with self-funded partners must upload the Letter of commitment on the available resources of self-funded partner, specifying the person-month and the financial commitment per tasks.

6. Declaration of changes between proposals and full proposals stage

Please refer to paragraph 6.2 of the Call Text for the changes allowed between Step 1 and 2.

- Was there any change made regarding the total budget requested to a Funding Partner Organisation between the pre-proposal and full proposal stage?

- YES NO

Insert as many lines as needed

Give the name of the organisation/country of the Partner(s) concerned by the change	Has the Funding Organisation(s) already approved the change?	Change details
	Yes/No/Decision still pending	

- Was there any change made regarding the consortium composition? (This question does not apply to “team members”).

- YES NO

Insert as many lines as needed

Give the name of the principal investigator/organisation/country of the Partner(s) or Self-funded Partners concerned by the change.	Has the Funding Organisation(s) already been informed about the change?	Has the Call Secretariat already been informed about the change?	Detail the change
	Yes/No/Decision still pending	Yes/No/Decision still pending	

7. Other Info - Exclusion and suggestion of potential reviewers (optional)

NB: This table will be populated from the already submitted pre-proposal application. Applicants are responsible for and recommended to provide a more detailed response to all questions, to the best of their knowledge, at the time of full proposal submission.

Do No Significant Harm (DNSH) assessment

Do No Significant Harm (DNSH) assessment The Do no significant harm principle was introduced in the European Green Deal to ensure that the research and innovation activities do not make directly or indirectly a significant harm to any of the six environmental objectives, according to the EU Taxonomy Regulation (EU) 2020/852.

You can find more information on what is considered as doing significant harm to the above objectives in the following note: https://ec.europa.eu/info/sites/default/files/c2021_1054_en.pdf.

The applicant shall self-assess the DNSH filling in the following table:

Please indicate which of the following environmental objectives require further evaluation according to the DNSH principle	YES	NO	Justification if NO has been selected
Climate change mitigation			
Climate change adaptation			
The sustainable use and protection of water and marine resources			
The circular economy, including waste prevention and recycling			
Pollution prevention and control to air, water or land			

The protection and restoration of biodiversity and ecosystems			
---	--	--	--

Only if the answer is YES for an environmental objective, a substantive DNSH assessment is needed. In that case, please fill the corresponding row in the table below.

Questions	NO	Substantive justification
<i>Climate change mitigation:</i> Is the measure expected to lead to significant GHG emissions? ¹		
<i>Climate change adaptation:</i> Is the measure expected to lead to an increased adverse impact of the current climate and the expected future climate, on the measure itself or on people, nature or assets?		
<i>The sustainable use and protection of water and marine resources:</i> Is the measure expected to be detrimental: (i) to the good status or the good ecological potential of bodies of water, including surface water and groundwater; or (ii) to the good environmental status of marine waters?		
<i>The transition to a circular economy, including waste prevention and recycling:</i> Is the measure expected to: (i) lead to a significant increase in the generation, incineration or disposal of waste, with the exception of the incineration of non-recyclable hazardous waste; or (ii) lead to significant inefficiencies in the direct or indirect use of any natural resource ⁽²⁾ at any stage of its life cycle which are not minimized by adequate measures ⁽³⁾ ; or (iii) cause significant and long-term harm to the environment in respect to the circular economy ⁽⁵⁾ ?		
<i>Pollution prevention and control:</i> Is the measure expected to lead to a significant increase in the emissions of pollutants ⁽⁵⁾ into air, water or land?		
<i>The protection and restoration of biodiversity and ecosystems:</i> Is the measure expected to be: (i) significantly detrimental to the good condition ⁽⁶⁾ and resilience of ecosystems; or (ii) detrimental to the conservation status of habitats and species, including those of Union interest?		

(1) Please notice that the mitigation measures in the call announcement do not only refer to GHG emission but it has a broader meaning. In this cell please specify the mitigation measure related to GHG emission, if any.

(2) Natural resources comprise energy, materials, metals, water, biomass, air and land.

(3) For instance, inefficiencies can be minimised by significantly increasing the durability, reparability, upgradability and reusability of products or by significantly reducing resources through the design and choice of materials, facilitating repurposing, disassembly and deconstruction, in particular to reduce the use of building materials and promote the reuse of building materials. Additionally, transitioning to 'product-as-a- service business models and circular value chains with the aim of keeping products, components and materials at their highest utility and value for as long as possible. This also comprises a significant reduction in the content of hazardous substance in materials and products, including by replacing them with safer alternatives.

This further includes significantly reducing food waste in the production, processing, manufacturing or distribution of food.

- (4) Please refer to Recital 27 of the Taxonomy Regulation for more information on the circular economy objective.
- (5) Pollutant means a substance, vibration, heat, noise, light or other contaminant present in air, water or land which may be harmful to human health or the environment.
- (6) In line with Article 2(16) of the Taxonomy Regulation, “‘good condition’ means, in relation to an ecosystem, that the ecosystem is in good physical, chemical and biological condition or of a good physical, chemical and biological quality with self-reproduction or self-restoration capability, in which species composition, ecosystem structure and ecological functions are not impaired”.

Ethics Self-assessment

NB: This table will be populated from the already submitted pre-proposal application. For all proposed research activities funded by Water4All, the ethical dimension is an integral part of research from the beginning to end, and ethical compliance is seen as pivotal to achieve real research excellence.

*The applicant is responsible for and recommended to provide a more detailed response to all questions by filling-in in addition the **Detailed Ethics Self-assessment** section below, to the best of their knowledge, at the time of this full proposal submission.*

Please go through the table below and indicate which elements concern your proposal by answering ‘Yes’ or ‘No’.

For more information on each of the ethics issues and how to address them, including detailed legal references, please consult the [Horizon Europe Programme Guidelines](#)
Clicking on any of the Save buttons on this page saves the entire page.

The applicant shall self-assess the respect of the ethics principles answering to the following questionnaire:

1. HUMAN EMBRYONIC STEM CELLS AND HUMAN EMBRYOS	
Does this activity involve Human Embryonic Stem Cells (hESCs)?	Y/N
If yes, will they be directly derived from embryos within this project?	Y/N
If yes, are they previously established cells lines?	Y/N
If yes, are the cell lines registered in the European registry for human embryonic stem cell lines?	Y/N
Does this activity involve the use of human embryos?	Y/N
If yes, will the activity lead to their destruction?	Y/N
2. HUMANS	
Does your research involve human participants (e.g., stakeholders, end-users)?	Y/N
If yes, are they volunteers for nonmedical studies (e.g. social or human sciences research)?	Y/N
If yes, are they healthy volunteers or medical studies?	Y/N
If yes, are they patients for medical studies?	Y/N
If yes, are they potentially vulnerable individuals or groups?	Y/N
If yes, are they children / minors?	Y/N
If yes, are they other persons unable to give informed consent?	Y/N

Does your research involve physical interventions on the study participants?	Y/N
If yes, does it involve invasive techniques?	Y/N
If yes, does it involve collection of biological samples?	Y/N
Does this activity involve conducting a clinical study as defined by the Clinical Trial Regulation (EU 536/2014)? (using pharmaceuticals, biologicals, radiopharmaceuticals, or advanced therapy medicinal products).	Y/N
If yes, is it a clinical trial?	Y/N
If yes, is it a low-intervention clinical trial?	Y/N
3. HUMAN CELLS / TISSUES	
Does this activity involve the use of human cells or tissues?	Y/N
If yes, are they human embryonic or foetal cells or tissues?	Y/N
If yes, are they available commercially?	Y/N
If yes, are they obtained within this project?	Y/N
If yes, are they obtained from another project, laboratory or institution?	Y/N
If yes, are they obtained from biobank?	Y/N
4. PERSONAL DATA	
Does this activity involve processing of personal data?	Y/N
If yes, does it involve the processing of special categories of personal data (e.g.: sexual lifestyle, ethnicity, genetic, biometric and health data, political opinion, religious or philosophical	Y/N
If yes, does it involve profiling, systematic monitoring of individuals, or processing of large scale of special categories of data or intrusive methods of data processing (such as, surveillance, geolocation tracking etc.)?	Y/N
Does this activity involve further processing of previously collected personal data (including use of pre-existing data sets or sources, merging existing data sets)?	Y/N
Is it planned to export personal data from the EU to non-EU countries?	Y/N
If yes, specify the type of personal data and countries involved:	
Is it planned to import personal data from non- EU countries into the EU or from a non-EU country to another non-EU country?	Y/N
If yes, specify the type of personal data and countries involved:	
5. ANIMALS	
Does your research involve animals?	Y/N
If yes, are they vertebrates?	Y/N
If yes, are they non-human primates (NHP)?	Y/N
If yes, are they genetically modified?	Y/N

If yes, are they cloned farm animals?	Y/N
If yes, are they endangered species?	Y/N
6. NON-EU COUNTRIES	
Will some of the activities be carried out in non-EU countries?	Y/N
If yes, specify the countries	
In case non-EU countries are involved, do the activities undertaken in these countries raise potential ethics issues?	Y/N
If yes, specify the countries	
Is it planned to use local resources (e.g. animal and/or human tissue samples, genetic material, live animals, human remains, materials of historical value, endangered fauna or flora samples, etc.)?	Y/N
Is it planned to import any material (other than data) from non-EU countries into the EU or from a non-EU country to another non-EU country? For data imports, see section 4.	Y/N
If yes, specify material and countries involved:	
Is it planned to export any material (other than data) from the EU to non-EU countries? For data exports, see section 4.	Y/N
If yes, specify material and countries involved:	
Does this activity involve low and/or lower- middle income countries? (if yes, detail the benefit- sharing actions planned in the self- assessment)	Y/N
Could the situation in the country put the researchers and research participants taking part in the activity at risk?	Y/N
7. ENVIRONMENT & HEALTH and SAFETY	
Does this activity involve the use of substances or processes that may cause harm to the environment, to animals or plants (during the implementation of the activity or further to the use of the results, as a possible impact)?	Y/N
Does this activity deal with endangered fauna and/or flora / protected areas?	Y/N
Does this activity involve the use of substances or processes that may cause harm to humans, including those performing the activity (during the implementation of the activity or further to the use of the results, as a possible impact)?	Y/N
8. ARTIFICIAL INTELLIGENCE	
Does this activity involve the development, deployment and/or use of Artificial Intelligence? (if yes, detail in the self- assessment whether that could raise ethical concerns related to human rights and values and detail how this will be addressed).	Y/N
9. OTHER ETHICS ISSUES	
Are there any other ethics issues that should be taken into consideration?	Y/N
Please specify: (Maximum number of characters allowed: 1000)	

Detailed Ethics Self-assessment

In case one of the questions in the above table has been answered with “YES” explain how you are going to deal with the respective ethics issues and provide additional information, in accordance with the guidelines “[How to complete your Ethics Self-assessment](#)”, in the table below.

This detailed ethics self-assessment offers the applicant an opportunity to identify and detail all the foreseeable ethics issues related to the objective, implementation and likely impact of the activities to be funded, including a confirmation of compliance with the ethical principles and relevant national and international legislation, and a description of how it will be ensured.

ETHICAL DIMENSION OF THE OBJECTIVES, METHODOLOGY AND LIKELY IMPACT
<i>If applicable - Explain in detail the identified issues in relation to:</i> <ul style="list-style-type: none">- objectives of the activities (e.g., citizen science activities, stakeholder engagement...)- methodology (e.g., involvement of vulnerable persons, collecting personal data, interviews, questionnaires...)- the potential impact of the activities (e.g., environmental damage, stigmatisation of particular social groups, political or financial adverse consequences, misuse...)

(max 5.000 characters including spaces)

COMPLIANCE WITH ETHICAL PRINCIPLES AND RELEVANT LEGISLATIONS
<i>If applicable - Describe how the issue(s) identified in the Ethics Self-assessment table above will be addressed in order to adhere to the ethical principles and what will be done to ensure that the activities are compliant with the EU/national legal and ethical requirements of the country or countries where the tasks are to be carried out. It is reminded that for activities performed in a non-EU country, they should also be allowed in at least one EU Member State.</i>

(max 5.000 characters including spaces)

Confirmation of submission & use of data

For information: the data provided in this proposal application form will be used to:

- communicate with you about the call and application process
- allow the Funding Partner Organisations to perform an eligibility check of the applicants
- assess the competencies and complementarities of your proposal and consortia by the Evaluation Committee members and external reviewers
- award funding if your application is successful
- analyse and describe our applicant pool (the name of applicants are anonymised in our analysis)
- collect your feedbacks and improve our communications with potential future applicants in future Joint Calls

Anonymity and confidentiality will be maintained throughout processing of these data for the production of statistics. Please note that these data will be accessible to Funding Partner Organisations participating to the call, including the ones based in non-EU or non-EEA countries. Protection of personal data and compliance with the EU's General Data Protection Regulation (2016/679) (GDPR) is however ensured.

Retention of personal data shall take an end in accordance with the *Online Submission Tool General [Data Protection Policy](#)* and *[Water4All Privacy and Data Policy](#)*

CV Coordinator and Principal Investigators

NB: This part will have to be filled in directly in the EPSS, using the CV template below.

Participation status: <Project Coordinator or principal investigator of a participant>
Name:
Nationality:
Institution, City, Country:
E-mail:
URL / website (including complete list of publications if any):
Professional status: <Professor, Assistant professor, Associate professor, Senior scientist, Post-Doc, PhD-student, Other>
Education: <Year; type of education; organisation; country > <Year; type of education; organisation; country > ...

Positions: <Year; Position; organisation; country > <Year; Position; organisation; country > ...
--

Awards received / other responsibilities (max 1,000 characters including spaces):

General expertise and its relevance for the project (max 1,000 characters including spaces):

Up to 5 most important achievements, publications, IP (e.g. patents) relevant to the proposal over 2017-2022, if any:

<...>

<...>

<...>

<...>

<...>

8. Application submission

Before submitting the application, the Coordinator declares that:

- The project applicants hereby declare, that to the best of their knowledge the research outlined in this proposal is unique in character and does not duplicate research already funded at national, regional or EU level, within nation, regional, international or EU calls.
- The applicants confirm that they are aware that failure to fulfil this condition will result in the withdraw of this proposal from the application process or the withdraw of funding from approved projects.
- The proposal is line with the guidelines to ethical aspects of the Horizon Europe Programme

The final step is to press the “Submit”-button. After that, A SUBMITTED PROPOSAL EXISTS. A submitted full-proposal can be changed and resubmitted any time until the closing date.

ANNEX 1

WATER4ALL JOINT TRANSNATIONAL CALL 2025: “Water and Health”

Title and acronym of the full-proposal

TEMPLATE FOR THE FULL-PROPOSAL

Instructions: the project description shall be written in **maximum 16 pages – including title and citations – Arial font, 11pts, single spaced, margins of 1.27 cm**. Footnotes are allowed, if you respect the above-mentioned layout criteria. Links and hyperlinks are allowed only for bibliographical references.

The project description must include:

- a. State of the art, own work, previous activities of the consortium in the field;
- b. Objectives, aims;
- c. Relevance to the call (including theme(s));
- d. Concept, methods;
- e. Explanation of the novelty of the research planned, in relation to the present state-of-the-art;
- f. Expected results and how they lead to impact;
- g. Transnational added value of the research proposed;
- h. Workplan;
- i. Project coordination and management
- j. Time schedule and working programme (use a Gantt chart or equivalent)
- k. Exploitation and dissemination of results:
 - o Stakeholders’ engagement
 - o Open science practices, sharing and management of research outputs and Data Management approach
 - o Engagement of citizens, civil society and end users where appropriate.
