

Showcase Event

Learn more on 6 Research & Innovation Projects

- > Online
- > Thursday September 23 / 10:30-12:15 CEST

- **WELCOME** 10:30 – 10:40
Introduction and programme
B.LOPEZ, Water4All CEO
- **PROJECTS** 10:40 – 11:40
6 research and innovation projects:
key achievements and results
10 min for each project
- **ROUNDTABLE DISCUSSION** 11:40 – 12:10
Roundtable discussion
Questions & answers with the audience
All speakers
- **RECAP & CLOSURE** 12:10 – 12:15
M A.GILARRANZ REDONDO, Water4All Chair

Projects Details - 1/2

Moderator

Helena ALEGRE
Water4All Vice-Chair

MORE4WATER 10:40 – 10:50
Combined monitoring and forecast for a sustainable management of water resources and timely adaptation to drought

► Silvia
MENICONI

TREASURE 10:50 – 11:00
Treasuring groundwater and reclaimed water for drought adaptation

► Josep
MAS-PLA

DIME 11:00 – 11:10
Developing innovative solutions for mitigation of drought effects

► Maria-Loredana
SORAN

Projects Details - 2/2

Moderator

Helena ALEGRE
Water4All Vice-Chair

SMARTWATER4FUTURE 11:10 – 11:20

Coupled urban-rural water infrastructure management under hydroclimatic extremes with decision support system

Feifei YUAN /
Linus ZHANG

WATERGREENTREAT 11:20 – 11:30

A green approach in the frame of circular economy: robocasted photocatalysts for wastewater treatment and use of reclaimed water

Irina
ZGURA

AQUIGROW 11:30 – 11:40

Sustainable aquifer recharge to enhance resilience of groundwater services under increased drought risk

Matteo
CAMPORESE
